Online coursework is still in place to help make up for the days students are not in school.

We are following all of the state's guidelines for close contact businesses; everyone wearing masks, temps taken each time everyone enters, one client per student at a time, appointment only, etc

We are planning to take these precautions at least through the summer

New classes will also be on an abbreviated schedule supplemented with online coursework. Their schedule will be a combination of in school and distance learning coursework.
